Section 3: Student Desires for Electives

- Place a check mark by the electives that your student wants. Based on priority (seniors have seniority and so forth), will your student's elective be allotted. We may also change your student's elective in order for them to fit Kentucky state's graduation requirements (these are of first importance).
- Some electives last two semesters and will be listed if so.
- **Reminder of State Compliance:** Kentucky requires 1.0 credit of visual and performing arts (art history), competency in computers (keyboarding and document processing), 0.5 credits in health, and 0.5 credits in physical education. Many universities look highly upon a speech and philosophy elective. Foreign language classes are not mandatory, but highly encouraged.
