

Appalachia Christian Academy

Curriculum Information and Guide

CURRICULUM STRUCTURE AND REQUIREMENTS

Appalachia Christian Academy High School (9th-12th Grade)

Suggested sequence of material is shown below; however, we may alter this set quota so that your student follows Kentucky state requirements.

*This indicates that this particular class is taught during Appalachia Christian Academy's meetings of Homeschool Fellowship. Courses with this asterisk are not from BJU Press.

Appalachia Christian Academy used BJU Press online with textbooks. Each of the courses include an online teacher and daily assignments. It is a very intuitional setup. This requires the student to have a device to do their daily work on. Each of the grade's curriculum can be payed in installments. All science labs are completed at Appalachia Christian Academy's meetings.

 - C. Foreign Language I (1 credit) □
 - D. Foreign Language II (1 credit) □

Total Credits: 22 credits

**Some credits may be transferred from previous school records and find their equivalents in this scale. Contact Appalachia Christian Academy for more information. The order of these classes can be adjusted if the student is joining Appalachia Christian Academy after ninth grade. Some classes can be changed based on student needs. We require, nonetheless, that all curriculum purchases for mathematics, language arts, history, science, and Bible be made through BJU Press. Only our Health and Physical Education and Art curriculums can be purchased from a separate provider.

Appalachia Christian Academy will contact you about your child's curriculum shortly after your student's enrollment.

R means requirement of Appalachia Christian Academy or the state of Kentucky

Appalachia Christian Academy's curriculum fee is separate from our program fee. All curriculum items are purchased through our curriculum director.
