RE: Notice of Intent to Establish a Private Home School – Academic Year 2026—2027

Dear Superintendent Harris and Mr. Barnett,
Pursuant to KRS 159.160, please accept this formal notification of our intent to establish and operate a private home school for the 2026—2027 academic year.

The student will be in attendance at our home address:

_____ | Age: ____ | Grade: ____
Our private school, _____ **Family Homeschool**, will commence its 2026—2027 term on August 13, 2026.

We affirm that our educational program will provide a minimum of 1,062 instructional hours over 170 days finishing all curriculum syllabuses. Instruction will be provided in the English language and will include the core branches of study required by the Commonwealth of Kentucky: Reading, Writing, Spelling, Grammar, History, Mathematics, Science, and Civics. Furthermore, we will maintain accurate attendance and scholarship records, updated at regular intervals consistent with local district standards, which will be available for inspection upon proper request.

Thank you for your professional attention to this matter and for your ongoing commitment to the education of all students in Montgomery County.

Sincerely,
_____X
